Claim Rejections - 35 USC § 102

1. Claims 28-36 are rejected under 35 U.S.C. 102(e) as being anticipated by Kung et al (6508756).

See previous office action.

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

The remarks made by applicant have been considered, however the above rejections are still deemed to be proper. Applicant argues that the Kung device is not applied over the patient's pericardium. However, it is reasonable to assume that the Kung device could fit over the pericardium of some hearts. Patients' hearts vary greatly as to size over the general population. Further, placing the device of applicant over the patient's pericardium is intended use, not a structural limitation.
